COMPANY OVERVIEW

ALEX Home Inspection Services LLC is a certified home inspection company specializing in residential and commercial property assessments. With over three years of experience and more than 1,000 inspections completed, we provide detailed evaluations to ensure safety, compliance, and informed decision-making. Our expertise includes wind mitigation inspections, roof certification assessments, and post-mold remediation evaluations, offering essential insights for homeowners, businesses, and the insurance industry. Committed to accuracy, timely service, and customer satisfaction, **ALEX** stands as a trusted partner in structural integrity and risk mitigation.

CORE COMPETENCIES

- ★ Residential and commercial property inspections for compliance and safety.
- ★ Wind mitigation and 4-point inspections tailored for insurance requirements.
- ★ Detailed roof inspections and roof-wall affidavit assessments.
- ★ Post-mold remediation evaluations ensuring certified mold-free environments.
- ★ WDO (Wood-Destroying Organism) inspections to assess property conditions.

DIFFERENTIATORS

- ✓ **Proven Expertise:** Over 1,000 inspections successfully completed for homeowners and insurance companies.
- ✓ **Specialized Knowledge:** Focused expertise in wind mitigation and roof inspections with comprehensive reporting.
- ✓ **Advanced Technology:** Utilization of cutting-edge tools for precise evaluations and rapid report delivery.
- ✓ **Customer-Centric Approach:** Tailored inspection solutions to meet the needs of homeowners and industry professionals.
