## Modern Fences & Gates

### Company Bio

**Alumission, Inc.** is a leading U.S.-based wholesaler and fabricator of aluminum fencing and gates. Established in 2020, the company specializes in durable, modern, and easy-to-install aluminum fencing solutions for residential and commercial applications. With a patented fence and gate system, a commitment to domestic manufacturing, and a customer-centric approach, **Alumission** delivers high-quality, innovative products tailored to meet diverse project needs.

### Core Competencies

- **Patented Aluminum Fence System** – Innovative, durable, and easy-to-install fencing solutions.
- **Aluminum Gates & Hardware** – Custom-designed swing, sliding, and specialty gates with high-quality components.
- **Custom Fabrication & Design** – Tailored aluminum fencing and gate solutions to meet project specifications.
- **Pre-Fabricated Fence Panels & Posts** – Ready-to-install fencing options for streamlined project execution.
- **Color & Finish Customization** – Powder-coated finishes in various colors for aesthetic flexibility.
- **Installation Support & Resources** – DIY-friendly guides and professional assistance for seamless implementation.
