Company Overview

Prestigious Creations, established in 2006 by John Altman, is a trusted leader in the industrial safety and restoration industries. Founded with a commitment to delivering superior-quality products, **Prestigious Creations** specializes in manufacturing industrial safety solutions and restoring historic ironwork to era-correct standards in accordance with preservation and historical society guidelines. Our dedication to excellence ensures that every project, whether a modern safety application or a historic restoration, is completed with precision and craftsmanship.

Core Competencies

- **Welding Expertise:** Skilled in welding steel, aluminum, and stainless steel to meet diverse project needs.
- **CNC Plasma Cutting:** Equipped with a state-of-the-art 5' x 10' CNC plasma table for precise and efficient fabrication.
- **Powder Coating:** Featuring an 8' x 8' x 20' powder coating oven to deliver durable, high-quality finishes.
- **Product Manufacturing:** Capable of producing industrial safety products and custom components.
- **Mobile Welding Services:** Offering on-site welding solutions for convenience and rapid response.
- **Land Clearing and Debris Removal:** Providing efficient land management and cleanup services to support various projects.

Differentiators

- ✓ **Historic Restoration Expertise:** Adhering to preservation and historical society standards to restore ironwork with era-correct authenticity.
- ✓ **Comprehensive Capabilities:** Combining advanced manufacturing technology with expert craftsmanship to deliver complete solutions.
- ✓ **Versatile Services:** From mobile welding to large-scale powder coating, we cater to a broad range of industrial and restoration needs.
- ✓ **Commitment to Quality:** Ensuring superior results through meticulous attention to detail and adherence to stringent guidelines.
- ✓ **Responsive and Reliable Service:** Dedicated to providing exceptional customer support and timely project execution.
