COMPANY BIO

Ambient Temperature Corporation (ATCO) is a mechanical service contractor based in Newburyport, MA, specializing in HVAC, refrigeration, plumbing, and process piping for commercial, industrial, and institutional clients in Eastern Massachusetts, New Hampshire, and Southern Maine. With a fleet of over 30 service vehicles and 24/7 emergency repair services, **ATCO** ensures reliable indoor environmental systems. As part of the Exigent group, **ATCO** leverages a strong network of mechanical contractors across the eastern United States.

CORE COMPETENCIES

- ➔ **HVAC System Installation & Maintenance** – Expertise in installing and servicing heating, ventilation, air conditioning, and refrigeration systems.
- ➔ **Plumbing & Process Piping** – Comprehensive plumbing solutions, including process piping for commercial and industrial applications.
- ➔ **Customized Maintenance Programs** – Tailored maintenance and inspection services for HVAC and plumbing systems to enhance efficiency and longevity.
- ➔ **24/7 Emergency Repair Services** – Immediate response to HVAC and plumbing emergencies, ensuring minimal downtime.
- ➔ **Full-Service Agreements** – Predictable budgeting solutions covering all HVAC equipment maintenance and repairs.

DIFFERENTIATORS
