

C'Bay

TECHNOLOGIES, INC.

COMPANY BIO

Founded in February 2003, **C'Bay Technologies, Inc.** is an experienced Managed Services Provider delivering secure, scalable IT solutions to commercial and government clients. Originally established as a computer repair firm, the company was an early adopter of the MSP model and now provides **remote-centric IT support, cloud services, cybersecurity, value added resale/integration, and IT strategy consulting.** Leveraging advanced Remote Monitoring and Management and Professional Services Automation platforms, the company delivers efficient, proactive support while minimizing on-site requirements.

With clients across **healthcare, finance, legal, manufacturing, logistics, retail, telecommunications, and nonprofit sectors**, the company brings broad cross-industry expertise and a vendor-agnostic approach focused on best-value, best-of-breed solutions. The firm has extensive experience supporting regulated environments and mission-critical operations.
